EXT. ITI LAYOUT PARK - DAY **1**

We need to add the narration here, the basic narration goes like this. [Need to decide that start, If I need to imagine the movie from any future time or should he start from beginning.]

Somehow we need to show this as Single Shot. Plan to show how they dissolve far from camera.

NAREN
I was always hyper active, I remember my dad pressing my legs tightly in the mid night to make me sleep. All my deepest engagements have great memory, the memories of many gifts I have got. Volley Ball and Wrist Watch for 6th Std Birthday. Gear Cycle, Father's Bike, Brother's Bike and Now I have new thing and It's ROYAL EN FIELD. It's best materialistic one.

INT. HOD CUBICLE - DAY

1. My friend broke up with girl in 2nd year because he was kidnapped.(En Magul Kott Maduve Maadteera sir?)

- I do need a funny conversation here, how exactly they insult the professor and also talk some nerdy things.

2. He had CAT exam in 6th sem next day, He had to study hard. He missed that too. How can someone be like this?

3. We need more of this kind.

Public Sentiment shouldn't be disturbed.

The Debate and Also they ask for a debate. And also tempt lecturers to have some balls to support the Democracy. And all the CS students are ready for debate with anyone in case they disagree.

In the world of democracy, it really doesn't make sense to follow two tier elections.

1. CR is elected for maintain the class room not the college.

2. VP ,GS, Cultural Secretary and Sports Secretary should be elected by everyone.

INT. PRINCIPLE ROOM - DAY

We need some joke and approval for the proposal. And Principals suggest to take the approval from all the HODS to agree for this, And the Pilot application Ready before some date for final approval.

Let the Principle just asked him to send the complete project plan.

NAREN
Sir, This is the Project plan. This has multiple applications with in college.

PRINCIPAL

NAREN
This is simple app that connects every student and they need to create profile, just like facebook profile. But, with that profile what all you can do?

PRINCIPAL
Wait, Is this Social network site.

NAREN

No Sir, we dont have chat bout, no network, nothing is exposed to student. All they can do is, they can subscribe to few college level news feed, For creating polls, and For creating Voting Contest. It's all about opinoin making platform. Like TCS or INFY for first Company?

They will put the things on Mechanical HOD. He is the one who asked us to do this. He wants to be Principal next year so sort of. We just need to avoid the friction that it has created for Mechanical Guys.

This is the Montage sequence of how they get approvals and how they get get prepared for the Elections.

EXT. SOME PLACE/ VILLAGE - DAY

Meeting LANGDA the great in the neighboring village, when he goes to smoke.

He is always the competitor to His Uncle in that constituency, His Vehicle is having the Naren just talks about things on ride. I want this scene to be more dramatic and Meeting him should be more realistic.

Naren takes his number and asks his plan for coming elections and asks if he needs any help from him. Langda Says that he is contesting from Local Party.

Now Naren decides to support this guy/ Langda .

The series of events

And When I see people growing up in career, I see people need to feel HIGH on whatever they do! I am very much worried about wasting my life with no purpose.

If there is no Purpose to what we do everyday I don't think we should do "EVEN TRY IMAGINING THAT I AM DOING WHAT I AM DOING".

I ll have enough desires left over a time and also don't think i can enjoy it in the same way I use to enjoy first time.
