EXT. INFINITY WALKS AND TEMPLE CONNECTIONS **9TH_4**

His Infinity walk towards entire constituency.

NAREN(V.0)
I was lost after his death, I didn’t know what to do? But, I was sure that this land, this life has something to experiment with current social issues. I really didn’t know what to do after running behind POLICE STATION and COURTS. I was helpless. Just disconnected from everyone and started walking. I just walked Randomly with One Bag. Didn’t know any direction, Which roads take me where, What’s my destiny. I just sat somewhere and talked to random people and asked them random questions. All of that made me walk more and take more samples. Around 1000 People in 15 Days of walk back to Office. I Just sat again at office and made sure that I belong here and I took a map and started noting all the places I have visited in all the directions. So,structure of walk looked like INFINITY and It was Super symbolic to indicate the Infinite Possible things. Everything that I saw while walking I was dreaming something great, We have potential space and grounds to achieve what we want. All we need to figure out is WHY and HOW? I started taking everyone serious with great sincerity. There were 1000+ People telling their problems. This made me understand how this might look like if I take over for 5 Years and Start Dream flowing in every mind of Constituency. On this day only I wrote 3 Blogs and Prepared a Speech Called! REASON TO DREAM!

This becomes one of the wonderful Speech in College and How the College Speech and One Super Mass Scene happens in College.

INT. TV/SOME INTERVIEW **9TH_5**

Need to show his approach towards Assembly elections, The Single Slogan!

TV ANCHOR
SAMPOORNA MATHADA CHUNAVANE, IDHE MODALA BADALAVANE! What If you fail to make it happen?

NAREN
No, We will achieve that. No matter what!

TV ANCHOR
What If you don’t is my question? Becuase you are trying to bring that change that India hasn’t seen post independence.

Naren goes for a minute silence and takes a deep breathe and starts with Chanakya’s statement.

NAREN
Chanakya says the same thing! If you have to bring that change that world hasn’t seen, we need to try something that world hasn’t tried!!! Let me open my CALCULATOR. So, let me assume that 55% of the Voting Happens! I will resign if the votes i have secured is less than (50% + 1)/Total Voters in Constituency.

TV ANCHOR
Otherwise you have to resign? Just think about troll pages and TV BARKS. You will be

NAREN
I will stand for it! No matter what. Let me recall something GANDHI told POST independence, DISSOLVE INC. Nehru Failed to do it. If BJP 2nd Gen Political Party making CHAIWALA the PM, that too with absolute Majority Of Great India beating the Nepotism, I am part of 3rd generation with the absolute KSHATRIYA spirit to PROMISE change before even taking POWER.Please read my BLOG "Party of
(MORE)

NAREN (cont’d)
Independents!". That’s the Possibility I want to create for 4rd generation.

TV ANCHOR
Don’t you think you’re over confident?

NAREN
I have set my target, If I don’t achieve it! I don’t deserve to take Power. So, I am confident that I take power. it looks over confidence because 1st and 2nd Gen methods are still convincing the Voters and No one is trying beyond. My Team is wonderful and everyone in team believes that it takes many lives to achieve MOKSHA and There has to be wonderful ECOSYSTEM to achieve it. Everyone are ready to waste their life if its necessary for this election alone. So, I am pretty sure my competitors aren’t that risk takers.

TV ANCHOR
You look very determined engineer, now a young politicians. It’s too difficult to understand! We wish all the best to you and your team and will request every VOTER of DEVANAGIRI NORTH Contituency that "SAMPOORNA MATHADA CHUNAVANE, IDHE MODALA BADALAVANE". Please do vote and Increase the Spirit of Democracy. Do you have any words to say?

NAREN
You have nailed it! I Just want to thank NEWS18 for wonderful opportunity.Please follow us on FB, Insta, Twitter and Youtube for details.

After this sort of Interviews over many platforms : TV Channels, FB Pages, IGTV, Youtube, Etc. This leads to the great question of BIG PARTIES and one big attack is planned against him.
